

OUT-SIDER[®]

EXTERIOR PLATFORM LIFT

The Out-Sider is lighter, stronger,
smoother, more adjustable,
and easier to use.

 **BRUNO[®]**
for your independence

EXTERIOR PLATFORM LIFT

Transport Your Mobility Device Outside Your Vehicle With Complete Confidence

This easy to use product lifts and stores your unoccupied scooter or powerchair outside your vehicle at the touch of a button. Simply drive or roll your mobility device on the platform, press a button, and let the Out-Sider do the lifting for you. Scooters and powerchairs are automatically secured when lift is raised and it's high enough you need not worry about your lift bumping the road.

ASL-250HTP

**Automatic Securement
for Powerchairs
(uses Hold-Tite arm)**

ASL-250A

**Automatic Securement
for Scooters
(uses Hold-Tite foot)**

ASL-250B

**Exterior Grade
Securement Belts...**
for both powerchairs and scooters.

Note: Before installing an Out-Sider®, please refer to the vehicle owner's manual and follow its requirements in regards to hitch weight rating/tongue load, and towing capacity. Contact a Bruno Dealer.

Swing-Away Option

The convenient Swing-Away option allows you to easily rotate the Out-Sider almost 180° for complete access to the back hatch, trunk or tailgate, and is angle adjustable.

Mid Wheel Drive Platform Option

- Adjustable wheel chock accommodates 10" and 14" drive wheels
- Smooth drive-on ramp
- Lightweight
- Slim profile behind vehicle

The Out-Sider works on many types of vehicles... minivans, SUVs, CUVs, pickup trucks, full-size vans and sedans

Standard Features

Easy, one button operation with built-in safety latch to prevent unintentional platform lowering

Widest Standard Platform in the Industry
