# INTERIOR PLATFORM LIFT

Bruno's Joey is simply the best inside platform lift in the world. Joey lifts and stows your scooter or powerchair inside your minivan or full-size van at the touch of a button. Simply drive your mobility device on the platform from either side, press a button and let the Joey stow your Personal Mobility Device.

The most compact unit on the market, Joey does not affect most 2nd row seating. And, with many vehicle specific custom mounting kits for precise installation, there are no modifications required for your scooter, powerchair or vehicle!

The Joey is fully powered making operation virtually effortless...

As Easy as One...Two...Three.

Power platform down & drive on...

Raise platform and secure the belts...

Power platform into the vehicle.

## Barrier Option

### *Peace of Mind...*

The most visibly obvious safety feature of Joey is an optional, industry-exclusive barrier to prevent the scooter or powerchair from entering the passenger area during sudden stops. This marvelous option includes a pair of retractable belts with true one handed operation.

## Joey Works With Many Types Of Mobility Devices...

Three or Four Wheeled Scooters

Mid-Wheel Drive Powerchairs
